

Steam Distiller DS1G

Purification System

Pure, Distilled Water, It's that Simple

Easy to operate

You will love using our model DS1G Steam Distiller. Fill the stainless-steel boiler with tap water, place cover on unit and press the button. Shortly after you will have the purest possible distilled water.

Features:

- Rapid distilled water production: produces 4L of distilled water in 3.5 hours
- On/Off Switch: Start or stop condensation process at any time.
